Personal Statement

I am an experienced and creative web developer with a years' experience in a variety of exciting projects. A level head and rational approach to problem solving combined with a passion for innovative and fresh ideas has led to a gain of vast knowledge within the realm of web development. Technically competent and industry aware meaning that each project is undertaken with the most up-to-date and relevant programming foundations available.

Core skills

- Knowledge of CSS, HTML and JavaScript
- Experience with design pattern and UI/UX
- Working knowledge of SQL

Experiences

Group Project (*October 2017 – Present*)

Leading a small team, together we worked on a project to meet and exceed clients' briefs. We worked on a website which focused on the realm of web developing, with the aim to provide a general insight to users about Web Development with resources and links to provide further knowledge.

Education

University of Northampton (*2017 – Present*)

BSc (Hons) in Computing (Graphics and Visualization)

Saint Francis Xavier Sixth Form College (*2015 – 2017*)

BTEC Information Technology (DMM)
